“

Since attending Astley Nursery in September 2022, my daughter has thrived. The varied curriculum is adapted to all the different children's needs and parents are updated regularly.

The options to have free play inside or out with a wonderful enclosed outdoor space is another great feature to Astley Nursery.

Nothing is too much trouble for the wonderful team of staff who are so welcoming and approachable. I cannot recommend this setting enough.

Astley Early Years

Astley Early Years is based at Astley CE Primary School. The school is set in beautiful rural Worcestershire countryside whilst being minutes outside Stourport.

The Early Years has its own classroom and outdoor area to allow children a free-flow continuous provision throughout the day.

Why Astley Early Years

At Astley, we pride ourselves on a highly stimulating and purposeful environment. We believe children learn best when they are engaged in self-chosen explorations and play. Our high-quality provision provides a calm, caring and nurturing environment that enables children to become respectful, resilient and independent learners. Skills and knowledge are developed through relevant and enjoyable play and experiences. We place a strong emphasis on practical hands-on activities and the use of our outdoor areas in school.

Our School Vision sets out some of the key elements of our learning community with love, respect, courage and joy being at the heart of everything we do. Learning is tailored for the individual needs of pupils enabling all to achieve their potential and develop the essential skills and qualities they need to succeed well beyond their time with us.
